

A strong, effective cleanser and protector for metal surfaces.*

* Effectively cleans and protects metal surfaces that are comprised of stainless steel, mild steel, anodized aluminum, and bare aluminum.

Scotch-Brite™ Stainless Steel Wipes with Scotchgard™ Protector

A fast and effective way to wipe away soils, impurities or incumbent solutions on stainless steel. It builds a protective layer of Scotchgard™ as you clean — making it easier to wipe off soils the next time.

Pre-moistened, ready to use wipe.

The Scotch-Brite™ Stainless Steel Wipes with Scotchgard™ Protector are ready-to-use, pre-moistened disposable wipes designed for simple and convenient cleaning and protection of metal surfaces. Scotch-Brite™ Stainless Steel Wipes with Scotchgard™ Protector are your secret weapon to make a tough job easier.

- ✓ **Non-aerosol formula**
- ✓ **Effectively cleans and protects metal surfaces in one step***

Wipe away soils, cut out cleaning time.

Faster

The wipes leave behind a protective layer that improves cleaning time on metal surfaces by 45% after repeated use.**

Easier

No need to dilute chemicals and no rinsing necessary. Use the convenient wipes throughout the day to keep your stainless steel clean.
