

70000

Peel ply

Ideally suited to aerospace applications

Features

- Aramid peel ply.
- Designed for high temperature applications.
- Available coated and non-coated, depending on user requirement.
- Imparts a coarse weave pattern when removed from the composite laminate.
- Manufactured by Precision Fabrics Group (PFG).

Properties

Maximum use temperature	427°C	800°F
Colour	Yellow	
Fabric type	Aramid	
Fabric weight	108.5g/m ²	3.2oz/yd ²

Availability

Standard width	1.27m	50in
Standard length	Up to 91.4m	Up to 100yd
	Slit widths available	

Storage

No special storage conditions required.

Health & safety

Handling of these products must conform to individual company guidelines and health and safety regulations.

All statements, technical information and recommendations contained in this data sheet are given in good faith and are based on tests believed to be reliable, but their accuracy and completeness are not guaranteed. They do not constitute an offer to any person and shall not be deemed to form the basis of any subsequent contract. All products are sold subject to the Cytec's Standard Terms and conditions of Sale. Accordingly, the user shall determine the suitability of the products for their intended use prior to purchase and shall assume all risk and liability in connection therewith. It is the responsibility of those wishing to sell items made from or embodying the products to inform the user of the properties of the products and the purposes for which they may be suitable, together with all precautionary measures required in handling those products. The information contained herein is under constant review and liable to be modified from time to time.
